CHERRY STREET WILL BE PAVED

Council Orders Assessment Put on Tax Duplicate.

A NEW SIDEWALK ORDINANCE

Local Men and Teams to Be Employed on City Work—Proposition to Widen South Seventh—Fifth Street Paving Resolution Passed.

Council has dropped into the habit of assembling later than the generally accepted hour, and it was 7:30 o'clock when Mr. Tish called the members to order Tuesday evening. It was hot but the members worked hard and a large amount of business was transacted in two hours.

Solicitor McDowell presented the report on the Cherry street property. It had been made out by Deputy Auditor Fisher and Deputy Treasurer Randles, and showed the frontage, the assessment for paving purposes and the value of the property as listed for taxation. Three objections had been filed by property owners whose land fronts on Cherry and other streets, and as the courts have decided lots of this character have fronts on each street the matter was passed. It was also stated that these lots were originally platted to front on Cherry.

There were no residents of Cherry present to protest against the action of council, and council was of the opinion that protests had been made because property owners believed the paving would cost each one not less than $20 a year. Many want the improvement, it was stated, and council believed the majority should rule. The cost of the improvement to the property owners will be $13,043.35, and to the city $3,024.

Mr. Shaw moved the clerk certify to the report of the assessing board for Cherry street and it be placed on the tax duplicate. The motion was carried, and Cherry will be paved.

New Sidewalk Ordinance.

Solicitor McDowell said the assessing ordinance for Walnut-Cambridge had not been prepared by Engineer Hanlon because he had been called out of town but it would be presented at the next meeting.

The solicitor explained an ordinance providing for sidewalks. It is for the purpose of keeping the sidewalks of the city in repair, providing for new walks and prohibiting cinder walks. It makes it the duty of all companies laying pipes to replace sidewalks and guard openings with lights at night. The superintendent of the water works is to have personal charge of the lights in use by his department. The city engineer is to provide specifications for sidewalks on every street of the city. Every sidewalk is to be of brick or cement and the slope to the curb must be no more than half an inch in a foot. The engineer is to give the grade for sidewalks and walks must be put down when council so decides.

Mr. Powelson objected to imposing a penalty upon property owners for refusing to put down walks on the ground that the city should do the work and assess it against the property.

"It is done in many cities. They do it in Zanesville," said the solicitor.

"And they have the worst sidewalks I ever saw in Zanesville"

Mr. Johnson agreed with Mr. Powelson.

The ordinance is sweeping in its provisions so far as excavations in sidewalks are concerned and provides that the walk must be replaced in good condition as soon as the work for which the opening was made is completed. Failure to comply with this provision is to be punished by fine and imprisonment.

The ordinance was referred to ordinance committee, the engineer and solicitor on motion of Mr. Shaw.

"Quite a few people have come to see me regarding sidewalks," said Mayor Rinner. "Some want to wait until streets are paved before putting down walks."

"I think it would be a good idea to establish grades on these streets," said Mr. Powelson. "It would be money well expended, and then walks can be put down long before the paving is done."

"That's right," said Mr. Johnson, "but in the past grades have been established and lost."

"What I wanted to say," said the mayor, "is that I would like to have the sidewalk committee help me in locating these bad walks. I will look after those below the Pan Handle if they will look after the walks in the upper part of town."

Mr. Shaw suggested that curbing be set on North Seventh, and said property owners had been after him because the sidewalk at the warehouse of the Meek & Beach company on Walnut is cinder. Mr. Johnson said that in cases of this kind the mayor should send the owner a notice and Mr. Powelson explained how it must be legally done.

Mr. Powelson raised the question of old curbing on Chestnut, and Mr. Brink said some of it would be taken up but where sidewalks had been improved it would be left.

Fifth Street Paving.

Clerk Wimmer read a petition signed by the required number of property owners on Fifth street asking paving between Chestnut and Walnut.

"Can the railroad be assessed for half the frontage?" asked Mr. Johnson.

"All railroad men want it but none of them seem to have power to sign the petition," answered the solicitor.

"We do not have to have a petition to make improvement now," said Mr. Powelson. "We can order it done."

Mr. Jonson said care would have to be taken or the paving would be higher than the Dent property. He thought the engineer should go over it and report to council.

The petition contains a waiver and allows the assessment of all property on the west side of the street.

Clerk Wimmer read a resolution providing for the paving of the street.

Mr. Jonhson objected to resolutions for paving being drawn so that only one material could be used.

Mr. Powelson thought in this particular improvement brick should be used and Mr. Johnson agreed with him.

Solicitor McDowell said he prepared petitions according to what the people wanted.

Mr. Johnson explained that his only object in bringing up the matter was to prevent the brick men from pooling and raising the price.

The resolution was passed on motion of Mr. Shaw.

After Bicycle Lamp Clause.

A petition signed by many bicycle riders asked the repeal of the bicycle ordinance in so far as it requires the carrying of lights. They gave as a reason that they were not permitted to ride on sidewalks. A number of letters from wheelmen in other cities showed what they were doing

Ed A. McCabe talked for the petition, and explained the bicycle is the business man's vehicle and a lamp is a nuisance. He said the original cost is about $3 and afterward 50 cents a month. Riders, he thought, would obey the speed law, and could do it with greater ease than if they had lamps

Mayor Rinner read the ordinance, and Mr. Shaw asked if a small boy riding a tricycle came under the law. The mayor said he did, but it was not enforced. The mayor suggested that if any change was to be made it should provide that only two riders should ride side by side. Mr. Johnson pointed out that this was not done as much as when people used wheels for pleasure. On his motion the solicitor will prepare an ordinance in accordance with the petition and the mayor's suggestion.

Seventh Street Improvement.

Clerk Wimmer read a resolution providing for the widening of South Seventh between Main and Walnut. The resolution says that 25 feet are to be taken off the Walnut school lot and 25 feet off the lot owned by W. H. Robinson, Sr. The cost is to be assessed on the abutting and benefited property.

Solicitor McDowell explained the legal form through which the city would have to pass, and said that as a number of similar matters are to come up this was a good opportunity to find the cost of the proceeding. The passage of the resolution, he said, did not bind council to any further action.

The solicitor will give notice to the property owners to be benefited by the change in order that they may be heard in council. The ordinance to be passed later will show what proportion of the cost will fall to the city.

Sewer Resolutions.

Two sewer resolutions were read for the first time. They could not be acted upon as Councilman Pharion had been called from the chamber leaving less than three-fourths of the members to transact business.

One provides for an outlet sewer to be constructed in Cherry, Pine, South Fifth and Mulberry. It is recommended by Engineer Hanlon.

The other sewer is to be in the upper part of the city. It will be laid in Walnut, Adams, Twelfth, East Main and Chestnut.

Park Avenue Park.

"We have a park on Park avenue that I believe should be given some attention," said D. O. Thompson. "Last year the city mowed it a few times. We as property owners have helped to keep it up, but this year there is not so much interest and the park does not look good. It has been formally deeded to the city and is its property. The trees should be trimmed and the grass cut at regular intervals. We are willing to provide the flowers if the city will create the beds. I have been informed that when the deed was made the city agreed to keep it up. Two years ago we collected $50 or $60 and called the attention of council to it, but it was late in the year and nothing was done."

Mr. Johnson suggested the solicitor report at the next meeting whether the ground belongs to the city, and if it does to have Superintendent McCormick look after it.

At the request of Mr. Brink the ordinance providing for the employment of local labor and teams on all city work was read for the second time. It was passed under suspension by unanimous vote of council on motion of Mr. Brink. It becomes operative immediately after legal publication.

Mr. Powelson thought the clerk should not submit to council the bill for the publication of any city matter unless it is accompanied by an affidavit of publication and a copy of the notice. He made a motion to that effect. Mr Shaw seconded it and the motion carried.

Low Fares to Cleveland.

Excursion tickets to Cleveland, account Ohio Republican state convention, will be sold via Pennsylvania Lines may 26 and 27. For particulars apply to ticket agent. 5-27

HONOR TO THE DEAD

Memorial Day Will be Appropriately Observed.

MARSHAL COLLIER'S ORDER

Provides For the Decoration of Graves in the Morning and Appropriate Exercises Afternoon and Evening.

The old soldiers of Coshocton and Roscoe will appropriately observe Memorial day one week from Friday. J. N. Collier has been chosen chief marshal of the parade, and Rev. Dr. Toland, as officer of the day, will preside at the afternoon meeting in the opera house. An evening meeting has also been arranged. It will be held in American Mechanics hall.

General order No. 1, issued today by Mr. Collier, gives the details of the program. It follows:

Headquarters Richard Lanning Post, No. 69, G. A. R.
COSHOCTON, O., May 21, 1902.
General order No. 1.

All comrades of Richard Lanning post and all ex-soldiers, will assemble at post headquarters at 8 a. m. sharp, standard time.

The column will form in the following order:

Brass Band.
Richard Lanning Post and Other Ex-Soldiers and Marines.
Woman's Relief Corps.
Spanish War Ex-soldiers and Marines.
Sr. Order U. A. M.
Jr. Order U A. M:
Carriages etc.

Column will proceed to Roscoe cemetery where the graves of our dead comrades will be appropriately decorated and other exercises held.

Reforming the column will return to city hall in Coshocton, where the flowers will be furnished, and joined by the pupils of our public schools and march to Oak Ridge cemetery where the graves of all ex-soldiers will be decorated.

The column will return to headquarters and disband for dinner.

AFTERNOON SERVICES.

The post and old soldiers, and all other orders, will assemble at headquarters at 1:30 sharp, and proceed to the opera house where the following program has been arranged, Rev. Dr. Toland, officer of the day.

Music.....Brass Band
Invocation.....Rev. Mr. Ebersole
Music.....Chorus
Address.....Rev. Mr. Hamilton
Music.....Chorus
Address.....Mr. Miller
Music.....Chorus
Oration.....Hon. A S. McClure
Music—"America".....Everybody
Benediction.

Meeting at Sr. Order U. A. M. hall at 7:00 p. m., where interesting exercises will be held.

J. N. COLLIER, Marshal.
J. C. MILLIGAN,
B. R. SHAW,
Committee.

INTERESTING MEETING.

Young People's Societies Discuss Coshocton's Moral Needs.

The union meeting of young people's societies at Cecil Memorial church Tuesday evening was largely attended and the most interesting of the series.

Dr. St. Clair, president of the organization, was in the chair. "What Coshocton Needs From a Moral Standpoint" was the subject for discussion, and its presentation brought out many thoughts worthy of reflection.

Papers were read by Johnson Hammond and George M. Gray, and Rev. Mr. Hamilton Rev. Mr. Sever, Rev. Dr. Fisher and Bert McKee gave their views. The principal idea expressed was that reform should begin in the home, and it is the duty of every Christian father and mother to train up their children in the way they should go Then Coshocton would not suffer disgrace.

The executive committee will meet Sunday afternoon to decide upon the time and place for the next meeting.

MIKE WOODS' MISHAP.

Pan Handle Engineer Broke His Wrist Tuesday Night.

Mike Woods, a Pan Handle engineer was so unfortunate as to break his right wrist while his train was in the city late Tuesday night. Woods had climbed back from the engine to the tank for a drink of water, and slipping suffered the injury.

He was taken to the office of Doctor E. C. Carr, where that gentleman and Doctor Jim Carr reduced the fracture The engineer then proceeded on his way to Dennison. It will not be long until his arm is well.

Pan Handle Killed Two Men.

Pan Handle passenger trains ten and three each killed a man at Mingo Monday afternoon. They were working on the tracks, and the trains passed at that point. The men each saw a train coming, one from the west and the other from the east, and stepped to what they thought were safe places. Both were badly mangled and died in a few minutes.

Miss Emma Chaney, dressmaker at 113 South Sixth will do sewing by the day. 20-6t.

—Mr. and Mrs. J. J. Rose and Mr. and Mrs. Seth M. Snyder drove to Spring Mountain Tuesday, and were the guests of General and Mrs. Lybarger The gentlemen of the party went for the purpose of enjoying a fox hunt Tuesday night.

MUTINY AT CANTON.

Workhouse Prisoners Overpower The Guard Killing One and Wounding Another.

[Special Telegram to THE AGE.]

CANTON, May 21 — Prisoners confined in the workhouse mutinied this morning, and in the battle that followed Guard George Jacobs was shot to death and Guard Homer Stone seriously hurt. A prisoner named Giauta did the shooting. The wildest excitement prevailed for a time, but the guards succeded in overpowering the prisoners without further loss of life.

Ride to the Right.

While council was discussing the bicycle ordinance Tuesday eveening it developed that many wheelmen do not observe the law in so far as the provision regarding the riding on the right side of a street is concerned. Complaint is also made that many drivers pay no attention to that rule. It is argued that if everybody keeps to the right while riding and driving accidents caused by carelessness will disappear.

There will be work in the rank of Page by Fidelity lodge No. 135, K. of P., tonight. A full attendance is desired. 1t

Call on Evans & Cochran for fine monuments and save agents' commission 606 Main street, Coshocton. 22-tf.

STRUCK THE OFFICER

Charley Berkheimer Was the Cause of a Commotion.

HELD FOR TRIAL SATURDAY

He Was Arrested by Policeman Gorman, and When on the Way to Jail Decided To Resist.

Officer Gorman, whose beat is in the southeastern part of the city, was almost put out of the business by Charley Berkheimer on South Fourth near Main Tuesday afternoon.

Gorman and Berkheimer have not been the best of friends for some time because of a prosecution against the latter in which Gorman, before he was appointed to the police force by Mayor Rinner, was interested.

Late Tuesday afternoon Gorman was standing near the Empire hotel on Walnut when Burkheimer passed As the story goes Berkheimer sneered at the officer and was ordered to stop "rubbering." Berkheimer replied that this was a free country and he had a right to look at him. Other words followed and Gorman placed Berkheimer under arrest.

The officer walked to South Fourth with his prisoner and turned toward Main. When they reached the residence of Ernest Eckert Berkheimer, is alleged to have declared that he was not going any farther. The officer said he would, and in a moment they were mixed up in a row that attracted a crowd. Gorman was struck on the head and blood streamed down his face as he battled with Berkheimer. Both went down, and the affair was assuming the proportions of a rough and tumble when Attorney W. R. Pomerene who was astracted by the fight caught Berkheimer and pulled him away. Others in the crowd took charge of Gorman who apparently wanted to continue the battle. The men were quieted and Chief Mapel arrived in time to walk with Gorman and Berkheimer to city hall where the latter was locked up. No charge was placed against him Tuesday night.

Berkheimer was brought before Mayor Rinner this morning and was represented by Captain James. It was decided to have the trial Saturday morning and he was released on $50 bond.

THE DEATH RECORD.

MRS. LOTTIE WEST.

Mrs. Lottie West, wife of William M. West, died at their home on Main Tuesday evening at 9 o'clock. Funeral services will be conducted Thursday afternoon at 1:30 by Rev. Mr. Hamilton and interment will be made in South Lawn cemetery.

Mrs. West was Miss Lottie Grob, daughter of the late Jacob Grob. She was 30 years old, and less than two years ago was married to Mr. West. A daughter came to bless their home and is now but nine months old. Mrs. West had not been in good health for some time and was recently attacked by typhoid fever. Ten days ago her condition became alarming and through all Tuesday it was known she could not long survive. She was conscious early in the evening but death had claimed her for his own and she sank into the dreamless sleep that has its awakening in eternity.

Mrs. West was beloved by all who were so fortunate as to know her. She was kind and considerate at all times, a cheerful companion and endowed with the beautiful traits of a true womanhood. Patient she was in all circumstances, and giving to her dear friends and relatives a sweet affection whose memory will be to them as the perfume of old roses. Her death is a deep sorrow, not only to the bereaved husband but to many others who have loved her for what she was, a woman whose home was her kingdom and whose work was to make it brighter and better throughout every day of her life.

DEATH OF MRS. SHENEMAN.

Mrs. Mollie Sampson Sheneman, widow of Tobias Sheneman, died at her home in Canal Lewisville Sunday morning. Her age was 75 years. Death was due to the infirmities of old age. She was for many years a member of the Methodist church. Funeral services were held Tuesday afternoon at 2 o'clock and interment took place in the Methodist cemetery. Three daughters and three sons survive her, Mrs. Catharine Crawford, Mrs. Ed Thompson, Mrs. Rachel Sender and Daniel, Samuel and Christopher Sheneman.

Placing Curb

Superintendent McCormick and a force are at work on South Ninth setting curb in order that property owners may be ready to put down sidewalks at once. Street committee of council have given this matter of curbing a great deal of attention and expect to have a large amount set where it is most needed. The city expects to secure old curbing from the streets that are to be paved during the summer, while a considerable amount will be saved from Chestnut and Second.

REPORT IRREGULARITIES.—All subscribers on carriers' routes who do not receive their paper regularly and promptly, will confer a favor by reporting the same to the office.

GIVE US THE NEWS.—Whenever you know an item of news, large or small, please inform the DAILY AGE office by telephone or otherwise, whether you have all the particulars or not.

ADVERTISEMENTS.—To insure change of display ads. the same day copy must be in hand before nine o'clock.

Notices for church festivals, church entertainments, etc., where the object is to raise money, will be charged five cents a line each insertion.

Cards of thanks, resolutions of respect, society or lodge meetings, obituary notices, and advertisements of balls and celebrations will be inserted for five cents a line. News notices of marriages, births and deaths will be inserted free.

The DAILY AGE is on sale at C. E. Anderson's drug store and Boyd's news stand.

The past fortnight has been replete with horrors and disasters of all kinds. To the heart rending anguish of the St. Pierre and St. Vincent catastrophe which in three minutes annihilated millions of dollars worth of property and at least 30,000 lives, were added the destruction of thousands of lives in Central America by earthquake, the burning of many in Pittsburg by naptha explosions, the fearful disasters in China by flood, and disasters by rail and steamer and in mines. The happenings bring to mind with terrific force the adage, "In the midst of life we are in death." The prompt action of America in voting $500,000 in relief, of France in voting $100,000 and of the people of all nations in sending private subscriptions shows how closely the world is bound together in modern times.

It seems from some remarks let fall by William Jennings Bryan that he has given up the idea of being a Moses to the Democratic party and is willing to be an Aaron. The fact of the matter is he can never be anything but a Jonah.

There seems to have been a revival of Atkinsonism in the East, a sort of renaissance of anti-imperialism, as it were. It may be necessary to have some of Bob Evans' picturesque word pictures to properly present it to the country.

The Filipinos must be fond of the water cure. Sixteen towns and villages have petitioned that the troops be not removed. The "water cure" will follow the "embalmed beef" as another Democratic bugaboo.

There is one difference between the billiard player and a base ball player, that is worth notice. With the ball player it is "No play, no pay." With the billiard player it is "No pay, no play."

The editor of the Manila *Freedom* can have some sympathy with John Bunyan. The Manila editor got into his trouble through his pen while John Bunyan got out in the same way.

Council has taken up the sidewalk question in a way that should prove satisfactory. Uniformity in the construction of sidewalks will dispense with complaints.

The meat trust is gobbling up the beef, leaving the people nothing but the rag to chew.

Amid all the volcanic eruptions comes news of the bi-monthly revolution in Costa Rica.

If Hon. Mark Hanna sticks to all his friends he will not have much time to devote to his enemies.

Baseball players can be sure of their pay if their play makes a high score.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for 14 years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale at C. E. Anderson's Drug and Book Store, No. 2 Forbes block.

If the amount of misery caused by different diseases could be estimated it would be found the portion caused by headache would outweigh any other and perhaps equal all combined. Immediate relief is afforded by Clinic Headache Wafers, perfectly safe, easily taken and do not depress. Ten cents at all druggists.
Sold by C. E. Anderson

WORK OF THE STORM.

Six Lives Were Lost In Cincinnati and Vicinity.

OVER A MILLION DOLLARS IN DAMAGE

Terrible Waterspout That Developed Below Covington, a Deluge of Rain and a Sixty-Mile Wind Were Features of the Tornado — Intelligence of the Buckeye State.

Cincinnati, May 21.—As a result of the terrible wind and rainstorm that passed over this city and vicinity on Tuesday, a half dozen lives were lost, many persons were injured more or less severely, and over one million dollars' damage was done to property. The wind blew 60 miles an hour and 2.36 inches of rain fell in less than a half-hour, the greatest on record here. Prior to the deluge the city became dark as night. A waterspout developed on the Lewisburg hills, in the southern suburbs of Covington, and great destruction was wrought. Mrs. George Flachner and Willie Willin, 4, were drowned when the mighty wall of water rolled down the hill and swept away their residence. Small residences, outhouses and barns were swept away and many persons had narrow escapes from death. Clem Davier's wagon was overturned by the flood and he, with four horses, was drowned in the streets of Covington. In this city Ferdinand Rapp, a peddler; D. W. Belleville, a carpenter, and George Becker, a teamster, lost their lives. The damage done in Cincinnati came from cellars being suddenly flooded with water, the losses to some of the jobbers running as high as $25,000 to $30,000 each.

Treasurer Missing.

Defiance, O., May 21.—John C. Yetter, for six years treasurer of Pleasant township, Henry county, has mysteriously left home, leaving an alleged shortage of $6,000. It is said he went to Napoleon last Thursday, drew $1,700 of the township funds, and came to Defiance Friday and drew from the First National bank $500 of the same funds. A letter dated from Malinta and addressed to his son Edward says he intended drowning himself in the Maumee river. No other traces of him have been found. He is 47 years old and has five children.

Pleaded Guilty.

Cleveland, May 21.—Former assistant police court clerk Tony S. Diesner pleaded guilty to the charge of making out false claims of indebtedness against the county in connection with witness fee vouchers, and certifying to the same. The voucher penalty is from one to 10 years in penitentiary.

JUMP UPWARD

May the Prices of Soft Coal Throughout the Lake District.

Chicago, May 21.—Prices of bituminous coal all through the lake district, from Buffalo to Duluth and perhaps all over the country, may take a sudden jump upward during the coming week or within the next two weeks at the most. It is understood that the advance will be sufficiently large to make a material difference to the large consumers. Sixty members of the Lake Erie Coal Shippers' association, which controls practically all the coal business of the Great Lakes have met in secret at the Auditorium Annex in this city and reached an unanimous agreement to take advantage of the shortage in anthracite coal, caused by the strike of all the miners in Pennsylvania, and raise the prices for bituminous coal.

Rival to Biscuit Trust.

Chicago, May 21.—Independent biscuit companies throughout the country will soon be combined in a giant rival to the National Biscuit company, probably under the name of the Union Biscuit company. Several of the largest independent concerns have already entered into an agreement to unite, and steps now being taken by the officers of the Union Biscuit company of St. Louis, are designed to amalgamate most of the 150 companies into one corporation. A buying and selling agreement has already been entered into it is said. According to the present plans of the independent people, Jacob L. Loose, formerly president of the American Biscuit company, which was absorbed by the National Biscuit company, will be the head of the new concern. The present agreement concerns two Missouri bakeries, one in Cincinnati, and at least two Chicago plants.

Possible Strike.

Indianapolis, May 21. — Secretary Wilson of the miners, who leaves for the Huntington convention Thursday, said that a strike may be declared in that state at once. The convention will discuss the matter carefully, said Mr. Wilson, and a strike order will not be surprising. The operators have not been invited to the conference.

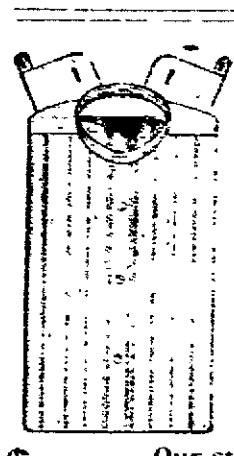

Heat Prostrations.

Chicago, May 21.—One death directly due to the excessive heat from which Chicago is suffering was reported. Four persons were also prostrated and taken to hospitals. The dead man is Peter Hadder, a lumber laborer. Forecaster Cox predicts warm weather for several days.

Congressional Nominations.

Milwaukee, May 21.—Congressman Theobald Otjen was renominated by the Fourth district Republican congressional convention. William H. Stafford of Milwaukee was nominated for congress by the Fifth Wisconsin district Republican convention.

Harding Davis' Rival.

David Graham Phillips, author of "Her Serene Highness," is the most dangerous rival Richard Harding Davis has ever had in the esteem of the delightful kind of young girl known as the matinee type, says Harper's Literary Gossip. Mr. Phillips is young and good looking, and his novels have that combination of vim and romance which promptly captures the fancy of young women. Mr. Phillips' friends say that he looks like a college athlete, but that really he preserves his perfect health—and his other perfections—by never taking any exercise. He is a bachelor and lives in New York.

WHEELING [illegible] ERIE R. R.

[illegible]

The [illegible] W. & L. E. ha[illegible] with all the late[illegible] impro[illegible] for the comfort and convenience [illegible] patrons. The lavatories are [illegible] with hot and cold water and [illegible] with nice clean towels. [illegible] of the high back [illegible] upholstered. Pintsch gas illuminate the cars with a soft mellow light.

You have all heard about our parlor cars of course where, for the modest sum of 25 cents which reserves for your exclusive use a revolving drawing room chair, you may make your trip absolutely enjoyable. We serve meals on these cars simple or elaborate, just as your appetite or fancy dictates, and you pay only for what you order.

Better try the "Wheeling" next time.

LOUBET IN RUSSIA.

French President's Reception Everywhere Markedly Warm.

Peterhoff, Russia, May 21.—The imperial yacht Alexandria, with the czar and President Loubet of France on board, arrived here from Cronstad. President Loubet led the way ashore and shook hands with the assembled grand dukes and officials. The president and the czar then entered a carriage, were driven to the railroad station and proceeded on the imperial train to Tsarskoe-Selo. The president's reception everywhere was markedly warm. All the newspapers devote long editorials to the visit of President Loubet and make it the occasion for complimentary personal references to the French president, while emphasizing the value of the dual alliance as a guarantee of universal peace.

President to Presbyterians.

New York, May 21.—Carnegie hall was crowded to the doors with an audience eager to hear the address of President Roosevelt in the interests of Presbyterian home missions, the occasion marking the close of the centennial celebration. In the parquette sat the commissioners of the general assembly, with as many of their friends as could be crowded in. The two tiers of boxes were filled with men and women who are leaders in metropolitan Presbyterianism and others interested in the meeting. President Roosevelt was received enthusiastically. In introducing the president, Mr. Dodge said that no man knew better than the president the importance to the nation of the good work of home missions.

NEWSPAPERARCHIVE® NEWSPAPERARCHIVE®

Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

Mrs. Laura S. Webb.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more or less at the menstrual period, I dreaded the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

Latest in Handshakes.

Every now and then some extraordinary fad turns up in society, becomes the rage and then vanishes, leaving behind a sense of wonder that "one could have been so silly." Do we not all remember how, a few years ago, people used to pull one another's hands down from on high when shaking hands, as if pulling a bell rope? Lately there has appeared here and there a new thing in the way of shaking hands. Take your friend's hand with your fingers and move it slowly to the left and then to the right exactly as if you were pushing a horizontal bolt. The effect on the pushee, according to The Tatler, is very funny at first. Is this to be the fad of the future? If so, it ought to be styled the "push bolt shake."

Whooping Cough.

A woman who has had experience with this disease tells how to prevent any dangerous consequences from it. She says: "Our three children took whooping cough last summer our baby being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops." — JESSIE PINKEY HALL, Springville, Ala. This Remedy is for sale at C. E. Anderson's Drug and Book Store, No. 2 Forbes block.

President Mitchell Content.

Wilkesbarre, Pa., May 21. — President Mitchell of the United Mine Workers briefly reviewed the progress of the strike up to date. He said he and his colleagues were well satisfied with the movement so far as it has gone. He expected a total suspension of mining and his expectations have been realized. The present conflict, he said, is the greatest in the history of the world in point of numbers. The union is strong and the miners are determined, he says, and he has no fears of a break in the solid stand of the men. When asked if he still had hope that the coal companies would voluntarily offer the men some concessions, he refused to commit himself, but said while there is life there is hope.

Case of Gaynor and Greene.

Quebec, May 21. — Colonel Gaynor and Captain Greene are prisoners in the Quebec jail. They were committed to the prison, where Sheriff Langlier had prepared special quarters for them. Mr. Taschereau, counsel for Messrs. Gaynor and Greene, notified the court that in a few days he will move for a writ of certiorari for the transmission of the records of the arrest of his clients from Montreal to Quebec. The next step to be taken by the attorneys representing the United States has not been disclosed, but it is said they are not discouraged by the situation.

"No Shoe Worry,"

That's what one of our customers said when trying on a pair of our $2.50 Patent Kid Oxfords.

"I know that you won't let me go with an ill-fitting pair and your shoes always give me good service."

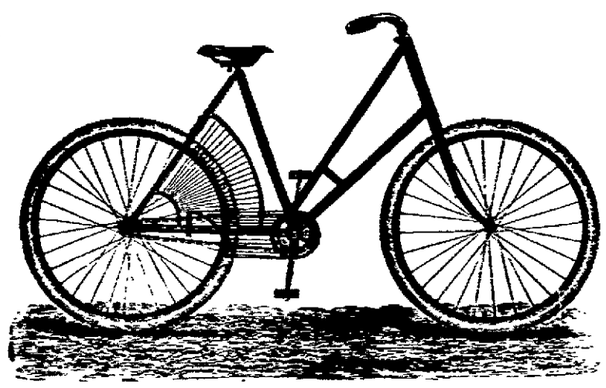

That is what we are here for--to give shoe satisfaction, and we've got it heaped up on the shelves of this store.

Our Oxford lines are especially strong, and have to be seen to be appreciated.

75c to $3.00 the pair.

THROUGH A TRESTLE.

Construction Train Wrecked and a Dozen Men Fatally Hurt.

Ardmore, I. T., May 21.—Four men were killed and 21 injured, seven of the latter fatally, when a construction train on the Choctaw, Oklahoma and Gulf railway went through a trestle, 12 miles east of this city. The dead: Charles A. Black, Tishomingo, I. T.; James Dolan, Fort Smith, Ark.; J. R. Gaines, residence unknown; Jim Hopegood, Tishomingo, I. T. Fatally hurt: A. M. Oliphant, Tishomingo, I. T.; James Wear, residence unknown; E. D. Clark, Arkansas; Hope Joy, Texas; A. D. Furney, Missouri; William P. Shipp, Missouri; unknown man, picked up unconscious.

The railroad officials are unable to assign a reason for the wreck. The train was running at the rate of eight miles an hour when the forward car jumped the track, followed by the rest of the train; a dozen cars piling up in a heap 30 feet below. The engine remained on the track. The dead and injured were brought to this city. J. R. Gaines died shortly after reaching the hospital.

Firebrick Plants Combine.

Lock Haven, Pa., May 21.—Five firebrick plants of this county, located at Farrandsville, Millhall and Monument, will join the combine which has secured a number of fire-brick plants in Clinton and Clearfield counties. The combine is composed of New York and Chicago capitalists and will have a capital of $22,500,000, under the name of the American Refractories company. A charter will be applied for in New Jersey. The main office will be in Pittsburg.

Public Buildings Bill.

Washington, May 21. — The senate committee on public buildings and grounds reported the omnibus public building bill. As reported by Senator Fairbanks, the bill carries a net increase over the house measure of $3,535,700, making the aggregate appropriation of the bill $20,941,150. Among the changes are: Ohio—Zanesville, decrease from $110,000 to $100,000; Hamilton, increased from $12,000 to $20,000; Columbus, added, $5,000 for plans.

Winona Lake.

Winona Lake, Ind., the pretty summer resort on the Pennsylvania lines in northern Indiana, affords rest, recreation, entertainment, amid delightful surroundings for persons desiring to enjoy vacation outings. This resort is the site of Winona Assembly and Summer School, and is annually visited by many persons who are strengthened in mind by the excellent facilities for educational work and invigorated in body by the health giving influences for which Winona Lake is famous.

On May 15, the opening day of the season of 1902, excursion tickets to Winona Lake will be on sale via Pennsylvania lines. They may be obtained from May 15 to to Sept. 13, inclusive.

For particular information on the subject of rate and time of trains apply to Ticket Agents of the Pennsylvania lines, or to F. Vandusen, chief assistant general passenger agent, Pittsburg, Pa. Information about attractions at Winona Lake, entertainments, the summer school sessions, etc., will be furnished in reply to inquiries addressed to Mr. C. S. Dickey, Secretary, Winona Lake, Ind. 6-30

Here's A Good Thing.

Something You Can Readily Believe as it's Coshocton Evidence.

Mrs. Robert Thornsley, of No 422 North 11th St., Coshocton, Ohio, says:—"That's a great medicine that Dr. A. W. Chase's Nerve Pill I got at C. E. Anderson's Drug Store. They gave me good steady and restful sleep—two things I needed badly. With this change came back a feeling of health strength and brightness. I like the medicine very much."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. that portrait and signature of A. W. Chase, M. D are on every package

Doan's Kidney Pills,

A Modern Medicine for Every Kidney Ill.

Mr. Jacob Schaefer, of 103 West Front street, Portsmouth, O., proprietor of a very popular restaurant, says: "My opinion of Doan's Kidney Pills, first expressed in our Portsmouth papers in the summer of 1898, is stronger to-day than it was three years ago, when they cured me of backache. The results I obtained were neither imaginary nor transitory. My emphatic advice to any one in Portsmouth suffering from backache is to procure Doan's Kidney Pills at Fisher & Streich's drug store, take a course of the treatment, and the backache will disappear."

Doan's Kidney Pills for sale by all druggists; 50 cents per box. Foster-Milburn Co., Buffalo, N. Y.

Tobacco Warehouse Burned.

Mayfield, Ky., May 21.—The tobacco warehouse of Ligen, Allen & Company was burned with about 1,000 hogsheads of tobacco. The fire was caused by a barrel of pitch exploding. The tobacco was owned by a number of rehandlers and was only partly insured. The total loss is between $75,000 and $100,000.

Dates of Encampment.

Oshkosh, Wis., May 21.—W. C. Liller of Pennsylvania, national adjutant general of the Spanish-American war veterans, while on an official visit to Major J. A. Nemitz of Oshkosh, Wis., department commander, announced the dates of Sept. 15 to 18 for the third national encampment of the organization, to be held in Indianapolis.

Temporarily Insane.

New York, May 21. — A coroner's jury which inquired into the deaths of Paul Leicester Ford, the author, and Malcom W. Ford, his brother, the noted athlete, returned a verdict that Malcom was temporarily insane at the time of the tragedy.

New Wagon Record.

Memphis, May 21.—C. K. G. Billings of Chicago drove Hontascrook in a wagon race a mile in 2:11½, defeating Mabel Onward. This is a new wagon record for the month of May.

Killed by Lightning.

Evansville, Ind., May 21. — Marvin Hart, aged 40, and his son, aged 17, were killed by lightning in Warrick county, near Boonville. They were working in a field near their home.

TO THE POINT.

Globules of News Depicting Doings of the Busy World.

Price of bituminous coal advanced in New York from $2.60 to $3.50 a ton.

At Kansas City, a robber shot and killed Joseph Barone in the latter's saloon.

A letter written by President Lincoln to General Grant in 1864 brought $1,050 at a public sale at New York.

Minnesota board of control advanced salaries of all state employes 10 per cent because of the increased cost of living.

Thomas Kilty stabbed to death at New York by three Italians, whom he attempted to prevent shooting craps in front of his residence.

Small fire at the New Jersey insane asylum at Morris Plains threw the inmates into a frightful panic. No lives lost, and no patients escaped.

Passenger train on the Clover Leaf road wrecked at Charleston, Ills. Seriously hurt: Miss Verna Belmont, Cleveland; Mrs. O. B. Clark, Toledo; Mrs. J. J. Harmon, Ottawa, O.

CUBAN CONCESSIONS.

Republican Senators Hold an Important Conference.

A VARIETY OF OPINIONS EXPRESSED.

Ceremonies and Scenes Incidental to the Inauguration of Palma as President of the New Island Republic, and the Executive's Terse Message to the American People.

Washington, May 21.—The Republican members of the senate committee on relations with Cuba were in conference and discussed the various propositions that have been made in regard to the reciprocity bill. They reached no conclusion and other meetings are contemplated. There was a general discussion of the entire question, and all the senators present outlined their views. Senators Platt of Connecticut, who is chairman of the committee, Aldrich and Burnham favored a straight reduction of the duty on Cuban goods amounting to not less than 25 per cent. Senator Cullom manifested a disposition to join them, but Senator McMillan, Spooner and Deboe indicated a desire, if possible, to find some other way of affording assistance of the Cubans. They suggested the wisdom of a rebate. A possible compromise on the basis of a 20 per cent straight reduction was discussed briefly. All were opposed to the house provision repealing the differential provision of the Dingley law, but there was general expression to the effect that this question is likely to make serious trouble for the bill.

The fact also developed that other amendments are feared, and the announcement was made there has been a suggestion that the French reciprocity treaty would be offered as an amendment to the bill. Senator Aldrich, who is a strenuous advocate of the Cuban bill, just as strongly opposed the French agreement, and it is understood that the suggestion is made to embarrass him especially.

Cuba Walks Alone.

Havana, May 21.—The ceremonies incidental to the formal transfer of the reins of government to the Cubans were brief and simple. After formal greetings General Wood read the documentary transfer prepared by the war department, pledging the new government to immediately proclaim the constitution and the Platt amendment contained in the appendix, and to undertake all obligations assumed by the United States with respect to Cuba by the treaty of Paris. General Wood and his staff and the American troops embarked immediately after the hoisting of the Cuban flag and the American ships steamed out of the harbor to the cheers of the assembled thousands. When the oath of office had been administered to President Palma, a letter from President Roosevelt was read congratulating Cuba's people and wishing the new government success. The city of Havana was in gala attire in honor of the event.

President Palma to Americans.

Washington, May 21. — President Roosevelt received the following cablegram from Estrada Palma, president of the new Cuban republic: "The government of the island having just been transferred, I, as chief magistrate of the republic, faithfully interpreting the sentiments of the whole people of Cuba, have the honor to send you and the American people testimony of our profound gratitude and the assurance of an enduring friendship, with wishes and prayers to the Almighty for the welfare and prosperity of the United States."

Palma Congratulated.

Havana, May 21.—President Palma has received congratulations from the presidents of France, Gautemala and Santo Domingo and from the Mexican house of representatives. He also received several congratulatory messages from Spain and hundreds from the United States.

New Financial Bill.

Washington, May 21.—The Republican members of the house of representatives held a conference to consider whether the Fowler financial bill reported from the committee on banking and currency should be energetically pushed at the present session of congress. It specifically provides for the establishment of the gold standard, creates a system of branch national banks, provides for a system of paper currency and for a division of banking under a board of control in the treasury to take the place of the present comptroller of the treasury. The conference adjourned for a week without action.

Destroyed by Fire.

Philadelphia, May 21.—A large three-story brick building at Broad and Vine streets, occupied jointly by Marks Brothers as a warehouse and the Pennsylvania Electrical Vehicle company, was destroyed by fire. Mrs. Sarah A. Meyers, 74, who resides in a small street in the rear of the warehouse, and Roes Rauch, a fireman, were overcome by smoke. The loss is estimated at $100,000, Marks Brothers sustaining the bulk of the damage. The origin is unknown.

Waldeck-Rousseau's Resignation.

Paris, May 21.—The semi-official announcement that M. Waldeck-Rousseau would resign as soon as parliament reassembles June 1, while not entirely unexpected, causes much comment in political circles here, and people are wondering why the premier waited until after President Loubet's departure for Russia to make public his decision.

HEAVY CLOUD

Rose From Mont Pelee, Frightening People of Fort de France.

Fort de France, Martinique, May 21. —A thick, heavy cloud, lit up by lightning and the sun, rose from Mont Pelee at 5:30 a. m. The people of Fort de France at once became panic-stricken, and in scant attire rushed excitedly through the streets of the town. Stones from the volcano as big as hazel nuts fell in the streets. Many of the inhabitants hurriedly embarked on the vessels in the harbor, and it was with difficulty that they were eventually reassured. At 7 o'clock, however, the excitement was over and the people became calm. The phenomenon was similar to the eruption of Thursday, May 8, but not so severe. Governor L'Huerre will leave here on the French cruiser Suchet to inform himself of the situation at St. Pierre.

The cloud which issued from Mont Pelee was composed of cinders. It is estimated that 20,000 people rushed out into the streets of the town, shrieking and praying.

A tidal wave has destroyed a portion of the village of Le Carbet.

House Committees Clash.

Washington, May 21.—For a third time within a week the house has instructed its conferees on matters of dispute between the senate and house. The latest instructions were given on amendments in the army appropriation bill. The motion to instruct was made by Mr. Cannon (Ills.), chairman of the appropriations committee. It was resisted by Mr. Hull, chairman of the committee on military affairs, and the somewhat spirited debate which followed developed antagonism between the committees. The amendment at which Mr. Cannon aimed was that which increased the appropriation for military posts from $3,000,000 to $4,000,000. A resolution offered by Mr. Hitt, chairman of the foreign affairs committee, felicitating Cuba on her independence, was passed unanimously.

Masses For Martinicans.

Washington, May 21.—A solemn requiem mass for the repose of the souls of those who lost their lives in the Martinique disaster was celebrated at St. Patrick's church at the request of Ambassador Cambon of France. The mass was said by Rev. Dr. Stafford of St. Patrick's and Fathers Dolan and Gaynor were in the sanctuary. There was a large attendance and all the members of the French embassy assisted. A special low mass will be said at the same church next Sunday morning, when the entire French delegation that has come to this country to dedicate the Rochambau statue will assist in the service.

Cause of Tennessee Horror.

Knoville, May 21.—Nearly 100 bodies have been taken from Fraterville mine at Coal Creek, the scene of Monday's catastrophe in which the lives of 225 miners were blotted out. Ernest McDonald was taken out alive, but horribly mangled. The cause of the disaster developed when it became known that gas had collected in an abandoned mine close by, into which an opening had been accidentally made last week by a boy working in a lateral. An attempt was made to stop up the opening, but it is believed that a leak remained.

Chaplain Milburn Injured.

Washington, May 21.—Blind Chaplain Milburn of the senate was struck by a runaway horse attached to a buggy as he was leaving the Capitol just after offering the praises at the opening of the session. The large toe of one foot was cut off and several other toes injured. The accident would have been more serious but for Mr. Milburn's daughter, who pulled him from a position immediately in front of the runaway horse as it dashed upon her father.

Canal Route.

Washington, May 21. — The senate committee on isthmian canals has decided to report adversely Senator Hoar's bill placing the matter of the selection of an interoceanic canal route in the hands of the president. The measure was especially opposed by supporters of the Nicaragua route.

INJUNCTION ISSUED.

Combine of the Meat Packers Temporarily Checked.

COURT'S ORDER WIDE IN ITS SCOPE.

Continuance of Alleged Uniform Arrangement Sufficient to Warrant Contempt Proceedings—Little Opposition Develops to the United States Government's Petition.

Chicago, May 21. — Judge Peter S. Grosscup, after the close of arguments in the United States circuit court, issued the temporary injunction asked for by the government against members of the so-called combine of meat packers. The order gives the relief prayed for in the bill filed by District Attorney Bethea on May 10. It is so wide in its scope that if the packers or their agents continue with their present alleged uniform arrangements they will be taken into court on contempt proceedings and the burden of proof will be on them to show that they have not violated the order in any particular.

Little opposition was raised against the government's petition. Attorney John S. Miller, who was the sole representative of the packers present, pointed out some objectionable clauses in the draft of an order presented by Mr. Bethea. These concerned the alleged agreements for credit, blacklisting and cartage. Judge Grosscup thought some of these minor clauses had been made too prominent, and he himself drew a form of order that pleased both sides. At the same time the order was entered numerous affidavits and other exhibits were filed for the government. General Counsel Miller sat alone to represent the defendants, though there were many other employes of the packers among the spectators. For the government District Attorney Bethea was the leader, aided by Solicitor General J. K. Richards and Special Counsel Day of Washington and Assistant District Attorneys Morrisson, Pagin and Davis. There were also present District Attorney Worthington of Springfield and District Attorney Keeler of Indianapolis.

Unless the defendants decide to make a fight at an early date in an effort to have the order set aside, they will have until Aug. 4 to make reply to the complaint. Attorney Miller said that he can not tell whether a demurrer, a plea or an answer will be filed, though the first named is the most likely to be the form of the packers' defense. The subpenas served recently on the defendants commanded them to file their appearances separately before July 7.

Philippines Debate.

Washington, May 21.—The subject of the concentration of the inhabitants of the Philippines into camps was a leading topic of the discussion of the Philippine bill in the senate. Mr. Bacon (Ga.) attacked the policy of concentration, likening it to the reconcentrado camps established by General Weyler in Cuba. Mr. Foraker (O.) defended the action of the military authorities in establishing the camps in the Philippines as wise and proper, and as a means of protecting friendly Filipinos from assassination at the hands of roving bands of insurgents. Mr. Hoar (Mass.) spoke briefly in line with Mr. Bacon, criticising the concentration camps and pointing out the difficulty in getting army officers to testify regarding the situation. Mr. Clapp (Minn.) urged that the Filipinos ought to be taught to admire and respect the United States as a nation which always had stood for liberty and progress and never had broken its word to any people, great or small.

Criminal Libel Charged.

Louisville, May 21.—The grand jury returned indictments against Willoughby Williams and Captain James B. Clay, both of Lexington, Ky., charging them with criminal libel. Williams is a Lexington newspaper correspondent and the indictments grow out of an article alleged to have been sent by Williams to his paper in which statements, credited to Captain Clay, were made concerning Colonel Bennett H. Young of Louisville in connection with the projected Kentucky Confederates' home, of which Colonel Young will be a trustee.

Shot Wife and Self.

Shoals, Ind., May 21 — David Salmon, an ex-soldier residing near town, fired two fatal shots from a 44-caliber revolver into the body of his wife and then shot himself through the heart, producing instant death in each case. Salmon and his wife had separated and she was employed at a neighbor's house as a housekeeper. Salmon called at the house in the absence of the family and requested his wife to talk with him but she declined, and the shooting followed.

French Commissioners Arrive.

Annapolis, May 21.—The French cruiser Gaulois, bringing the French commissioners to represent President Loubet at the unveiling of the monument in memory of the Count De Rochambeau in Washington on Saturday next, anchored near this city. It was escorted by the Olympia, Kearsarge and Alabama of the American navy.

Weavers' Strike.

Philadelphia, May 21.—A strike of 1,200 weavers employed in this city and Camden, N. J., began here for an increase in wages of 10 per cent. In quitting work the weavers practically tied up the mills in which they were employed, and forced 3,000 persons out of work.

NEWSPAPERARCHIVE®

VALUE OF VEGETABLES

Doctors Advise Cereal Diet to Kill Beef Trust.

MEAT IS NOT ESSENTIAL.

Physicians Say Other Edibles Are Just as Nutritious—Dr. Cyrus Edson Predicts Abattoirs Will Soon Be Replaced by Factories For Food Products—Noted Chemist Favors Cereals.

That there is a way to best the beef trust and that the time is almost at hand when little or no meat will be eaten by either rich or poor is the firm belief of many persons today, among them prominent physicians and men of science, says the New York Evening Telegram. It has only needed the soaring of the prices of steaks and roasts to dizzy heights to arouse thinking people to a realization that after all meat is not essential to human existence, scientists and physicians declare, and to a belief that there is just as much nutriment and less digestive work in other forms of food, such as cereals, fruit, etc.

All the properties contained in the flesh of beasts, they maintain, can be found in the vegetable world, and consequently we might just as well be veg-

DR. CYRUS EDSON.

etarians, especially when the trust boosts the price of meat so high it can't be got anyhow. One of the most interesting predictions yet made in consequence of the beef trust is that uttered in an interview with a reporter by Dr. Cyrus Edson, who says that undoubtedly it will not be long before the abattoir will be replaced by manufactories of food products. Dr. Edson was seen at his home in New York and asked if he thought it possible for the human race to give up meat altogether and obtain the same sustenance from other foods.

"It can be done perfectly," he declared. "I think all scientists will agree that some day we will all be vegetarians. Instead of abattoirs we shall have manufactories for food products containing the proteids, the carbohydrates and the fats in sufficient proportions to support human life.

"The proteids, sometimes called the albumenoids, which we get in meat are also contained in certain vegetables. Take beans, for instance, or even fish, and the same properties are found. We find them also in the casein of milk and cheese. Aside from milk, the food containing the most albumenoid and proteid matter is the egg.

"The banana is a universal food and contains all the elements in pretty nearly the correct proportion necessary to support life, build up the body and run the fires of life.

"The laboring man, for instance, needs at least 120 grams of proteid matter, 56 grams of fat and 500 grams of carbohydrates—that is, sugar, bread, etc.—a day. Of these things the proteid matter is absolutely essential. The cheapest way of getting proteid is through skimmilk. It is estimated that skimmilk is about one-third the value of pure milk and that a given amount—say a gram—of proteid matter in the form of such milk costs one-fourth of what it would in the form of beef—that is, one-fourth of what the price of beef was before the recent raise in the market.

"These same properties that are found in meats are found, then, in cheese, skimmilk, beans and bananas and make one just as strong and as vigorous as though taken in the form of meat. Fish and oysters are very rich in proteids and can be made to take the place of meat very satisfactorily, especially when accompanied by a diet of cereals and fresh vegetables.

"Then there are nuts. They are very valuable as food and contain proteid matter as well as fats. It is simply a question of time, and the time may now be hastened, when all these things will take the place of meat and fulfill all requirements of the human body."

Dr. George F. Shrady said he considered it quite possible to go from one year's end to the other without eating beef and be well and strong. Many, he said, already did this.

"One can derive all the nourishment one needs and wants out of other animal food than beef," he said, "and man can readily live the year round without it."

Professor H. W. Wiley, chief chemist of the department of agriculture at Washington, in a discussion the other day called forth by the present prevailing high price of beef earnestly advocated the more general use of cereals as food.

A Novel Automobile.

The largest automobile in the world is being constructed for a Parisian doctor. In it, accompanied by two medical students, he intends to make a trip around the world. It will have two sleeping apartments, a large workroom and four big tanks for storing oil.

BEEBE CASE GOES TO TRIAL.

Circuit Court Overruled the Motion Against the Appeal.

The Beebe case will be heard by circuit court. It is expected the first witness will be called Thursday morning.

After Judge Maxwell had fixed the alimony for Mrs. Beebe at the close of the trial in the December term of common pleas court Attorney Powelson for Mrs. Beebe carried the case to circuit court on appeal. Attorney Pomerene for F. W. Beebe filed a motion against the appeal, and it was heard Monday afternoon. The attorneys for each side argued the motion, and the court decided to withhold its decision until this morning. Judge Douglass gave the decision of the court overruling the motion. The case will be heard Thursday.

It may extend into Friday but some important features that marked the trial in common pleas will be eliminated. It is generally understood that the question to be decided by the court is whether Mrs. Beebe's offense was condoned by her husband.

The arguments in the McKee-Moore case were concluded this morning and the Board-Shrake case was taken up. The other cases with the exception of the habeas corpus case, Graham vs Adams and the Kitchen-McCormick matter have been submitted. If they are disposed of this afternoon the court will have no business other than the Beebe trial.

Witnesses in the Beebe case are being subpoenead. The number is not large.

TO INSTALL A PASTOR.

Interesting Services at German Lutheran Church Sunday Evening.

The installation of Rev. Hellmuth M. Wiesecke, as pastor of the German Lutheran church, will take place Sunday evening at 7 o'clock. Rev. Mr. Schleffer, of Newark, will give the charge to the pastor and people in German, the pastor responding in English.

A Sunday school will be organized in the morning at 9 o'clock, and regular preaching services will be held at ten. Services will be held in the evening every alternate Sunday.

Local Men at Midway.

The steam shovel will be taken from Dennison to Midway, Pa., and 15 Coshocton men who were employed at the gravel pit south of the city left this morning for that place where they will be employed. The Pan Handle will do no work at the local pit for the present, but it is expected the force will be returned here later in the season when gravel is needed for ballasting purposes. Improvements planned for the summer are extensive.

Unhappily Mated

RIGHT AT HOME.

Town Topics and All Kinds of Local Happenings Told in Brief.

—The Gray Hardware Company.

—A party of young people will dance in Forbes hall this evening.

—Miss Mabel McPeek, formerly connected with the Central Union, has taken a position at the Citizens' exchange.

—Clarence Gresel has resigned his position at C. E. Anderson's drug store and returned to his home in Zanesville.

—The men who are moving the Roche house from the Grace church lot have pitched a tent in the lower part of the city where they are camping.

—Two horses broke away from the stable of John M. Adams this morning and galloped down Main. They turned into North Third and were captured before doing damage.

—The Woman's Christian Temperance union will meet tomorrow afternoon at 2 o'clock with Mrs. E. W. Adams at her home on Walnut. All members are expected to be present.

—Charles B. Wilhelm is in Marion representing this district at the annual meeting of the Grand Lodge of Odd Fellows. Mr. Wilhelm was elected representative to fill the vacancy caused by the death of Robert Love who held the position for a number of years. The Grand Lodge will be in session four days.

TERRIFIC STORM

Broke Over Southern Part of The County Tuesday Evening.

A terrific storm broke over the southern part of the county Tuesday evening. Rain fell in torrents and the country was flooded. Passengers on the Dennison accommodation knew it was raining because water forced its way through the ventilators in the roofs of the cars when they were closed, almost an unheard of happening.

The storm seemed central over Trinway where hailstones as large as the proverbial hen's egg are said to have fallen. The hail storm was the most severe known in that section in recent years and caused no little damage.

PEOPLE'S WANT COLUMN.

Free to Patrons of THE AGE.

All advertisements which come under the heads of for sale, for rent, situations wanted lost, found, etc., will be printed free of charge for patrons of THE AGE. To others that patrons there will be a charge of five cents a line—count seven words to the line.

The announcements of business houses or agencies will not appear in this column. We hope our patrons will not hesitate to let their wants be known through this column.

Fountain Items.

Something that appeals to the Pocket Book. Careful buyers appreciate cash values--that's what you are getting at the FOUNTAIN.

Dress Goods

When in need of a new dress, whether light weight, medium or heavy, black or colors, you can find just what you want at the Fountain. For a comparison see our line 52 in Broad Cloth Venitian at 98c, such as most people get $1.25 for. We are showing this cloth in 15 colorings, sure to find just what you want. Our line of Dress Goods was never more complete, embracing all the new weaves on the market. Come to the Fountain for your Dress goods, you will find exceptional values and large assortments.

Tailor Made Wear

We have some exceptional values in fine Tailor Made Suits at $10, $12.50, $15, $17.50, $20, $25 and $30. All made by the most expert Tailors from the celebrated Wooltex and Princess cloths. If you buy a suit bearing this trade mark you are sure to get good value. No garment bearing the trade mark Wooltex or Princess contains any cotton, but is pure wool cloth. This means much to a customer after she has had her suit a few months. The Fountain always on the look-out for the best values possible have secured the agency for both these splendid makes of garments for this county. You will always find a large line to select from in our Cloak Department.

Carpets & Draperies.

We are doing the largest business we have done in this department. Thousands of yards of new Carpetings are being sent out weekly at the lowest prices ever quoted in Coshocton for high class merchandise. We handle nothing but the best makes and our buying facilities make it possible for us to save you money. When interested come to the Fountain for cash values in every department. We will demonstrate to you that our system of selling goods for cash is for your benefit. See if we are not correct.

Yours for Cash Bargains,

Your Servants,

THE FOUNTAIN
Dry Goods Co.
